

REMARKS

Applicants submitted a Supplemental Amendment under 37 C.F.R. §1.111 on November 23, 2005. This Amendment is being submitted in response to a Notice of Non-Compliant Amendment (“Notice”) mailed December 16, 2005. The Notice stated that the status identifier “allowed” is not an acceptable identifier and that correction is required in order to enter the proposed Amendment.

In response, Applicants have amended the Listing of the Claims to correct the status identifier “allowed” by replacing it with “previously presented.” The Listing of the Claims submitted herewith is otherwise identical to the Listing of the Claims submitted with Applicants’ November 23, 2005 Supplemental Amendment.

Claims 286 and 287 have been amended to clarify that the claims are directed to a pharmaceutical composition and a kit, respectively. New claims 309-323 have been added to clarify what Applicants regard as the invention. Specifically, new claims 309-319 recite additional specific embodiments of the claimed antibodies and new claims 320-323 recite pharmaceutical compositions, lyophilized formulations, and liquid formulations of said antibodies. Support for the new claims can be found throughout the specification. See, *e.g.*, the Table below.
